MEMORANDUM FOR: Inspector General

SUBJECT: [REDACTED]

1. Your analysis of 9 October of [REDACTED] relations to other Foundations is an excellent and helpful summary. It occurs to me that it would be of interest [REDACTED] who frets about the subject. Would you concur in my sending him a sterilized version? *Told him yes - 30.6*

2. I do not know whether you have heard that [REDACTED] resigned, effective September 30, as Director of [REDACTED]. He has gone into private business. [REDACTED] did an excellent job, and both [REDACTED] [REDACTED] were sorry to lose him. His resignation was motivated partly by the private business opportunity and partly by dissatisfaction at what he considered lack of full support [REDACTED]. There were times when [REDACTED] should have backed [REDACTED] more resolutely. But I feel that [REDACTED] zealousness sometimes blinded him to the human relationships that need to be considered in solving problems and that in this respect he was the unwitting author of his own discontent.
